1860 CDN™

CLOSED CELL SPRAY FOAM

**DESIGNING WITH HIGH PERFORMANCE
SPRAY FOAM INSULATION?
LET'S CHANGE THAT.™**

ARCHITECT & BUILDER BENEFITS

PROVEN PERFORMANCE

with higher R-values than traditional insulation.

IMPROVES ENERGY EFFICIENCY

by creating a complete air barrier, preventing air escape and entry.*

DESIGN FLEXIBILITY

with formulations for year round application to support any project design.

LOWER BUILDING COSTS

with an all-in-one air barrier, vapor retarder, and high performance insulation.

ENHANCES STRUCTURAL STRENGTH

by up to 300%, providing reinforcement against severe weather.

HEALTHIER ENVIRONMENTS

for occupants by reducing outdoor air contaminants in the building.

PRODUCT APPLICATIONS

1860 CDN is approved for use in all construction types and can be used in UL listed rated walls.

- Residential Ducts
 - Plenums
- Cold Storage
 - Walls
 - Ceilings
 - Floors
 - Attics
- Storage Tanks
 - Crawlspace
 - Foundations
- Concrete Slabs
 - Flotation
- Industrial Applications
 - Freezers
 - Piping
